#### **Description:**

- Designed for use in small systems where conventional dosing equipment is not available
- An effective multifunctional anti-scaling and yellow metal corrosion inhibitor

#### **Feature & Benefits:**

- Easy to use-no dosing pump or dissolving equipment required. Simply suspend in sump, or in floater. Never allow tablets to rest against system metal walls or sump.
- Can be used in long or short half-life systems
- No liquids to spill and no powder dust
- Eliminate the need to transport heavy pails and drums
- Contains a blue dye that imparts a slight color to determine product concentration
