

Corrosion Coupon Checklist

To insure proper analysis for your coupons, please PRINT clearly the following information:

- Installation and Removal Date from System.
- Coupon Location
- Type of System Coupon was Exposed to
- Type of Treatment Used in System
- Name & Address of where Corrosion Coupon was installed.

When returning the corrosion coupon for analysis:

Place the original serial numbered coupon in the envelope originally provided, with the corresponding serial number listed on the envelope. If using the U.S. Postal System to return the coupons, you may want to protect the coupons with stiff paper or cardboard to protect the envelope from becoming damaged and the corrosion coupons from being lost. Please return exposed corrosion coupons to the following address for analysis and report:

Richard Hourigan, Inc.
890 Lively Blvd.
Wooddale, IL. 60191
Thank you!
