Fly Control System

Made by Paraclipse®, the Insect Inn Ultra™ 1 and Terminator™ Fly Control Systems brilliantly eliminate the worries associated with other forms of flying insect control. Unlike traditional "bug zappers", these trapping systems are sanitary as flies and other flying insects are fully contained inside the units. These units use special UV light and strategically placed UV Booster Reflectors to draw flies already indoors to the units. The UV light they use is harmless to humans, but fatally attractive to insects. Each unit meets all applicable USDA and FDA guidelines.

Insect Inn Ultra 1 - Decorative Commercial Unit

RD250501 Paraclipse® Insect Inn™ Ultra 1
Includes 1 cartridge and 1 UV lamp
18.5" x 15.25" x 6.75" / 5 lbs.

This portable refractometers can measure the concentration of antifreeze and battery acid. The Refract 104 provides accurate and repeatable measurements on easy to read scales and features automatic temperature compensation. Only 2 or 3 drops of solution are required. Other models are available to measure the concentration of sugar, salt, lubricants, antifreeze, cutting fluids and more.

- Measures -60 to 32°F Propylene/Ethylene Glycol freeze point and 1.11 to 1.30 Specific Gravity of Battery Acid
- Automatic Temperature Compensation (ATC)
- Requires only 2 or 3 drops of solution
- The prism and lens with a simple focus adjustment
- Complete with case, calibration screwdriver, plastic pipette and calibration solution

Sample Coolers

A safe method of withdrawing water from boilers, steam lines or tanks containing chemicals and for cooling the withdrawn liquid for subsequent chemical analysis. These rugged counter flow heat exchangers are easy to install. The inner coil, of type 316 stainless steel, is of one piece construction.

RR Carbon Steel Shell, Removable Coils
LBC Carbon Steel Shell, Non-Removable Coils
RR-SS Stainless Steel Shell, Removable Coils
LBS Stainless Steel Shell, Non-Removable Coils

Sampler / Ladle

Designed to protect your hands while collecting boiler samples, this tool is ideal for collecting those "hard to reach" samples. I have personally used one of these for years…..

RDSL-4625-P Sampler/Ladle
Spatulas/Scoops

RDSP-9980-S Spatula / Scoop, 9" Scoop end: 1.25" L x 0.56" W Spatula end: 2" L x 0.31" W

RDSP-9990-S Spatula / Spoon, 12"

RDDP-4000-D Scoop, Brass, Double Sided, 0.2g
RDDP-4000-S Scoop, Brass, Single Sided, 0.2g

RDSC-1000-P Scoop, Plastic, 2g
RDSP-1014 Scoop, Plastic, 1g
RDSC-1021-P Scoop Plastic, 0.1g

Test Cabinets

TestMaster Senior Plastic Cabinet

Test cabinets are a great way to save counter space and better organize a QC titration area. This wall mountable cabinet features a slide out work tray, 4 shelves, places for 4 burets and a light.

Dimensions: 25" wide x 25" tall x 12" deep. Tray is 16" deep.

The fine print reads: "Meters, glassware and accessories sold separately"

RDTC-0004-P TestMaster Senior Plastic Cabinet
RDGLWPAK-4 4 Titration Glassware Set (Includes 4x10mL autoburets Teflon® SC w/ poly bottle, 1x100mL poly graduated cylinder, 4x poly erlenmeyer fl asks, 4x poly stir rods)
RDGLWPAK-3 3 Titration Glassware Set, as above, 3 each.
RDGLWPAK-2 2 Titration Glassware Set, as above, 2 each.

CONTACT US FOR PRICES

TestMaster Senior Metal Cabinet

Metal, adjustable with lighting fixture, extendable tray and required accessories to accommodate 4 buret titrations.

Dimensions: 24" wide x 22" tall x 11" deep. Tray is 15" deep.

The fine print reads: "Meters, glassware and accessories sold separately"

RDTC-0004-M TestMaster Senior Metal Cabinet
RDGLWPAK-4 4 Titration Glassware Set (Includes 4x10mL autoburets Teflon® SC w/ poly bottle, 1x100mL poly graduated cylinder, 4x poly erlenmeyer fl asks, 4x poly stir rods)
RDGLWPAK-3 3 Titration Glassware Set, as above, 3 each.
RDGLWPAK-2 2 Titration Glassware Set, as above, 2 each.

TestMaster Senior Metal Cabinet w/ Horizontal Door

Test cabinets are a great way to save counter space and better organize a QC titration area. This wall mountable cabinet features fold-down doors, 3 shelves, places for 4 burets and a light.

Dimensions: 30.5" wide x 20.25" tall x 10" deep. When open, work tray is 11" deep.

TestMaster Senior Metal Cabinet w/ Horizontal Door, Continued

Meters, glassware and accessories are sold separately.

The fine print reads: "Meters, glassware and accessories sold separately"

RDTC-0005-M TestMaster Senior Metal Cabinet w/Horizontal Door
RDGLWPAK-4 4 Titration Glassware Set (Includes 4x10mL autoburets Teflon SC w/ poly bottle, 1x100mL poly graduated cylinder, 4x poly erlenmeyer flasks, 4x poly stir rods)
RDGLWPAK-3 3 Titration Glassware Set
RDGLWPAK-2 2 Titration Glassware Set

TestMaster Junior Metal Cabinet

Metal, adjustable with lighting fixture, extendable tray and required accessories to accommodate 2 buret titrations.

Dimensions: 13.25" wide x 24.25" tall x 9" deep
Tray is 13" deep.

Meters, glassware and accessories are sold separately.

The fine print reads: "Meters, glassware and accessories sold separately"

RDTC-0002-M TestMaster Junior Metal Cabinet
RDGLWPAK-2 2 Titration Glassware Set (Includes 2x10mL autoburets Teflon SC w/ poly bottle, 1x100mL poly graduated cylinder, 2x poly erlenmeyer fl asks, 2x poly stir rods)

CONTACT US FOR PRICES

TestMaster Metal Titration Tray

All metal adjustable and portable utility tray or hanging shelf, specially designed for supporting and safe guarding glass burettes. This will accommodate 2 buret assemblies with reagents and apparatus providing safe and instant titrations.

Dimensions: 12" wide x 20.5" tall x 8" deep

Glassware and accessories sold separately

RDTT-1295-TT TestMaster Metal Titration Tray
RDGLWPAK-2 2 Titration Glassware Set (Includes 2x10mL autoburets Tefl on SC w/ poly bottle, 1x100mL poly graduated cylinder, 2x poly erlenmeyer fl asks, 2x poly stir rods)

Test Cases

We deal with people who specialize in creating custom test kits. We offer several varieties of test cases (plastic, aluminum, and Pelican). We are able to cut foam specific to your needs so that your test case holds the reagents, meters and apparatus that you need. If you need a custom kit made, please call us to discuss in more detail.

Plastic Test Case - 4 Compartment

RDTKCASE050 Single Parameter Test Case Compartments for up to 4 reagents
7.75" x 3" x 4.5"

CONTACT US FOR PRICES

Plastic Test Case - 8 Compartment

RDTKCASE100 Single Parameter Test Case Compartments for up to 8 reagents
7.75" x 4.25" x 4.5"

Plastic Test Case - 24 Compartment

RDTKCASE200 Combination Test Case Compartments for up to 24 reagents
12.25" x 7.75" x 7.75"

Aluminum Test Case – Medium

Photo shows custom cut foam and is for demonstration purposes only. Kit comes with standard foam. To request custom cut foam for your kit, please call.

RDTKCASE300 Aluminum Field Test Case - Medium w/ large reagent tray and standard cut foam
19" x 13.75" x 4.5" (interior)

Aluminum Test Case – Large

Photo shows custom cut foam and is for demonstration purposes only. Kit comes with standard foam. To request custom cut foam for your kit, please call.

RDTKCASE400 Aluminum Field Test Case – Large w/ large reagent tray and standard cut foam
24" x 15.75" x 4.5" (interior)

[CONTACT US FOR PRICES](#)

Pelican Test Case – Small

Photo shows custom cut foam and is for demonstration purposes only. Kit comes with standard foam. To request custom cut foam for your kit, please call.

RDTKPELICAN-100 Pelican Field Test Case - Small w/ large reagent tray and standard cut foam
18.06" x 12.89" x 6.72" (interior)

Pelican Test Case – Medium

Photo shows custom cut foam and is for demonstration purposes only. Kit comes with standard foam. To request custom cut foam for your kit, please call.

RDTKPELICAN-150 Pelican Field Test Case - Medium w/ large reagent tray and standard cut foam
18.43" x 14" x 7.62" (interior)

Pelican Test Case – Large

Photo shows custom cut foam and is for demonstration purposes only. Kit comes with standard foam. To request custom cut foam for your kit, please call.

RDTKPELICAN-200 Pelican Field Test Case – Large w/ wheels and pull handle
20.37" x 15.43" x 9" (interior)
